Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 07 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Calm night with light rain, turning unsettled midweek.

This Evening and Tonight:
Light rain breaking out in the north later in the evening, slowly moving south through the night. Rain will be patchy, so some areas will see dry or even clear spells. Minimum temperature 2 deg C (36 deg F).

Monday:
A mostly cloudy and drizzly day across the region. Rain in the north at times, but becoming largely dry further south as the day progresses. Maximum temperature 9 deg C (48 deg F).

Outlook for Tuesday to Thursday:
Patchy light rain on Tuesday. Overnight Tuesday into Wednesday will see heavy rain and strong winds with gales developing, perhaps severe later. Winds continue with blustery heavy showers on Thursday.
